Over

3. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, volume of material moved, and the acreage affected.

None

4. Briefly describe the reclamation work performed during the past year. This description should include acreage reclaimed, methods employed, and an evaluation of the results.

None

5. What was the total unreclaimed acreage at years end?

*there is none that  
Presently require  
reclamation.*

6. Briefly summarize mining and reclamation planned for the upcoming year.

*We are still working to acquire  
a contract for the excellent source  
of CaCO<sub>3</sub> - The problem is its  
distance from a market. We therefore  
have no definite mining plans.*

NOTE:

Section III., "Additional Information" applies only to large mining operations.

### III. ADDITIONAL INFORMATION

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.

### IV. SIGNATURE REQUIREMENT

I hereby certify that the foregoing is true and correct.
